

PROPERTY POST

— WITH TEAM MILTON —

Welcome to this issue of the Property Post

After that cold and wet weather last month the recent warmer spell has the hint of Spring – a time when some of us start to think about a house move.

If you are thinking about a move this year don't leave it too late. Start you planning now and get your home prepared for sale.

If you want some help or advise we have some excellent information on preparing your home for sale and the sales process. Just ask, pick up the phone or email Cheryl or myself.

Cheryl and I have been helping people into and out of their homes on Whangaparaoa for over 30 years and have a wealth of experience to share. We have seen the highs and the lows in the market, experienced the seasonal market changes and seen elections and governments come and go.

In the end, for the majority of us, it boils down to a simple question – “At this stage in our life is it time to move homes?” If your answer is “yes” or you just want to find out where the market is at Give us a call. We would love to help

Regards,

Jeremy and Cheryl Milton
